## HAWAIIAN ADVICES.

The State Department Receives the Oceanic's Mail.

## NOT FURNISHED TO THE PUBLIC.

It is understood, however, that the advices contained no information of importance other than that already published—when the next news from Honolulu is expected.

WASHINGTON, Dec. 14.—The state department has received advices from Minister Willis of Honolulu via the steamer Oceanic, which arrived at San Francisco, Tuesday. It is understood, however, that the advices contained no information of importance other than that already published. The revenue cutter Corwin, which left recently bearing instructions from the administration to Minister Willis had not arrived at Honolulu when the Oceanic sailed, consequently no information resulting from these late instructions could have been received.

The Corwin left San Francisco on the 4th and should reach her destination in 10 or 11 days. The Oceanic Steamship company's steamer Mariposa, due in San Francisco on Thursday morning, 21st inst., may possibly bring news of the arrival of the Corwin. Unless detained on the early part of her voyage from Australia, or specially held at Honolulu for late news, there is not very much prospect of the Mariposa bringing the full import of the official dispatches and instructions that the Corwin took to the islands. It is more than likely, however, that Mr. Willis will answer his official correspondence by the steamer.

Open Letter to Secretary Gresham.

SAN FRANCISCO, Dec. 14.—Ex-Commissioner Charles L. Carter, who visited the United States in the interests of the provisional government shortly after the revolution in Hawaii, has written an open letter to Secretary of State Gresham in reply to the secretary's dispatch of Oct. 18, recommending that the treaty of annexation be not resubmitted and suggesting the restoration of the monarchy. The letter contains about 4,000 words. He says Mr. Blount's reports were obtained from unreliable and prejudiced sources and were incorrect in many respects. The letter closes with the following reference to the 25th paragraph of Secretary Gresham's letter:

"In this you dispose of the question of annexation and the remaining two paragraphs suggest the restoration of the monarchy. I regret exceedingly that neither you nor Mr. Blount ever listened to any statement from me of events from Jan. 14 to 17. My own part in the revolution was inconspicuous but I was fortunate in being present at almost every step that led to the establishment of the provisional government and feel amply qualified to give an accurate account of them."

Thurston Declines to Talk.

SAN FRANCISCO, Dec. 14.—Lorrin A. Thurston, the Hawaiian minister, was shown a copy of the Associated Press letter per steamer Arawa as it came in over the wires, and that which arrived on the Oceanic, and was deeply interested in all he said.

When asked to express an opinion on the news from Hawaii he said: "I have received no private dispatches from Hawaii as yet. The news contained in the Associated Press dispatches is in conformity with what I expected to hear."

When pressed to talk further on the subject, Thurston declined on the ground that it would be impolitic for him to comment on the attitude of the United States government toward the country he represents as a diplomatic official.

## SUDDEN AND STRANGE DEATH.

A Wealthy Farmer Found on His Own Porch With His Skull Fractured.

BRAZIL, Ind., Dec. 14.—David Lathan and a number of prominent farmers living near Stearns, this county, have demanded an investigation in a case that has many suspicious circumstances.

Some time ago John Geller of near Stearns, who is estimated to be worth \$100,000, married a widow named Widerode.

A week ago last Sunday night Geller died suddenly. Nothing was known of the death by the neighbors, except two, until he was buried the following Tuesday.

This apparent secrecy aroused suspicion, inasmuch as Geller was known to be in good health and was preparing to go to Kansas to sell some valuable property there.

The widow was interviewed, and gave the following version of the death:

She said that on the night in question she was sick, and her husband gave her some medicine, after which he walked out on the porch.

Almost immediately she heard him fall and she hurried to him and found him dead while he was covered with blood from a hole in the back of the head. She says that she then dragged him into the house.

The coroner will be asked to disinter the remains and make a thorough investigation. Excitement runs high in the neighborhood, and all sorts of ugly rumors are afloat.

The widow comes into possession of a large estate, as the old man died childless.

Child Fatally Burned.

ZANESVILLE, O., Dec. 14.—The 4-year-old son of William Arter was fatally burned while his mother was out temporarily. His clothes caught fire from the grate and he ran to meet her. His flesh was burned to a crisp in places.

## ATTEMPTED MURDER AND SUICIDE.

A Lover's Quarrel Results Very Seriously at East Liverpool.

EAST LIVERPOOL, O., Dec. 14.—Seventeen-year-old Mattie Eoff was shot and seriously wounded in the head, on the street at 2 o'clock yesterday morning, by her sweetheart, George Huffman, who then put three bullets in his own head. Falling in his attempt at suicide, he jumped from a barge into the river. He is now in jail.

Miss Eoff is employed in one of the potteries. Tuesday night she went to a dance. Huffman, who has been keeping her company for a year, attempted to take the girl away from the hall. Finally the two started home, accompanied by another couple.

After they had walked a square Huffman suddenly pulled a small revolver, and, placing it against the girl's temple, fired three shots, and then, turning the weapon upon himself, fired four as he ran away. The only thing which saved their lives was the size of Huffman's firearm, a 32-caliber shot.

The girl has a bullet hole half an inch below the right temple, and another in the forehead above the left eye. Her condition is serious. Neither of the bullets has yet been found. The one which entered the forehead fractured the skull.

Huffman shot himself three times, once in the right temple just in front of the eye, and twice at other points in his head. The ball in the temple is serious. The others lodged in the flesh.

After emptying his revolver Huffman jumped from a barge into the river. That was too chilly a death, so he climbed out, and was waiting to throw himself in front of the midnight express when found by the officers, to whom he gave himself up.

## RECEIVER APPOINTED.

The Sun Vapor Light Company Financially Embarrassed.

CANTON, O., Dec. 14.—Judge A. Wain was yesterday appointed receiver of the Sun Vapor Street Light company. The application was made by Mrs. Alice N. Chance, who holds \$87,000 of the company's stock. The liabilities are something over \$300,000. The assets consists of lighting contracts in various cities considered very valuable if completed, but on which little would be realized if forced to a sale.

The real estate, machines, etc., of the company are estimated at \$50,000, and the bills receivable and amount due on contracts \$100,000. The company has a plant here where its lamps are manufactured, and has besides 72 branches in 15 different states, in cities where lighting contracts are carried. The principal branches are in Cleveland, Cincinnati, Kansas City, Omaha, Indianapolis, Sioux City, Columbus and Topeka.

It is intended that the business shall be kept in operation, as a shutdown would undoubtedly cause a ruinous shrinkage in the principal item of assets.

The leading stockholders of the company are prominent members of the firm of C. Aultman & Company. The petition for a receiver asks for a sale of the plant.

## Hiccoughed to Death.

FORT WAYNE, Dec. 14.—One of the most remarkable deaths occurring in this city for years was that of William Koenig yesterday. Monday night or early Tuesday morning he was seized with the hiccoughs, and while at first he was not considered in a dangerous condition he rapidly grew worse. The best medical aid obtainable was summoned, but in spite of the physician's skill Mr. Koenig grew worse, and became very weak from the paroxysms. After 36 hours of agony he died. Mr. Koenig was a German pioneer settler of Fort Wayne, and his awful death will shock a large circle of acquaintances.

## Prisoner Pardoned.

COLUMBUS, O., Dec. 14.—Governor McKinley has issued a pardon to Joe McGinty, who was convicted of criminal assault in this city a little over a year ago. A colored woman living at Circleville claimed to have been assaulted in the rear of a saloon near the railroad depot in this city by a number of men. After the conviction of McGinty facts were brought to light which caused the acquittal of two others who were accused and the nonleaving of the indictments against the balance.

## An Ingenious Boy.

MUNCIE, Ind., Dec. 14.—The 14-year-old son of H. C. Klein, jeweler, built a miniature trolley electric railway in the show window of his father's store. The little car has been spinning around six-foot circle like those on the street. Yesterday it jumped track, causing a short circuit. A spark of electricity set fire to a pile of cotton in the exhibit. Several hundred dollars' worth of jewelry was ruined, and the store narrowly escaped destruction.

## Struggle With a Burglar.

NASHVILLE, Dec. 14.—Eugene P. Roberts, a prominent citizen, caught a negro burglar in his residence last night, and after chasing him downstairs, cornered him. A desperate struggle followed, with the result that the negro received a knife wound from Mr. Roberts. The negro escaped, but left a trail of blood over several squares.

## Woolen Mills Burned.

WABASH, Ind., Dec. 14.—The entire buildings of the Star woolen mills, nearly 200 feet long, and five stories high, were destroyed by fire last night. The plant has been operated for 30 years and the property was estimated worth \$65,000. Insured for \$40,000. One hundred operatives are thrown out of work.

## Steamer Founders.

YOKOHAMA, Dec. 14.—A small coasting steamer founders off Kogohara, near Matsue. Thirty-five out of 64 passengers and all the crew were saved.

## UTAH TO STATEHOOD

A Bill to That Effect Passed By Congress.

## POLYGAMY FOREVER FORBIDDEN

One Other Amendment Added to the Bill—The House Also Calls for the Hawaiian Correspondence—The Hawaiian Question Occupied the Entire Time of the Senate.

WASHINGTON, Dec. 14.—The bill for the admission of Utah to statehood was passed without division by the house yesterday, the only amendment of importance incorporated in the enabling act being one by Mr. Powers of Vermont, prohibiting polygamy forever, and another by Mr. Wheeler of Alabama, reducing one-half the land granted to the state for common school purposes.

Just before adjournment the resolution of Mr. Hitt calling for the correspondence in the Hawaiian affair, amended so as to include an extension of the period to be covered by the correspondence to March, 1880, the beginning of the Harrison administration, was taken up and passed. It was expected that a lively debate would occur when this resolution was reported back to the house, but Mr. Hitt, the author, refrained from criticising, and there was no explosion.

The Myer resolution for the appointment of a joint committee to investigate the rank and pay and other questions relating to the personnel of the navy, which has been filibustered against for several days, was finally passed in the morning hour.

## In the Senate.

WASHINGTON, Dec. 14.—The Hawaiian question was again the subject of animated and interesting discussion in the senate. Mr. Blount's report was characterized as containing "not one line of unvarnished truth" by Mr. Frye of Maine, while Mr. Vest of Missouri declared that while he was opposed to the annexation of the islands, the restoration of the queen by force would be "an act of war."

The resolution offered on Monday by Mr. Hitt, calling upon the president for further information in the Hawaiian matter was finally referred to the committee on foreign affairs.

The senate also listened with the attention always accorded the venerable senator, to a tariff speech from Mr. Morgan of Vermont.

## RAILROAD ACCIDENT.

A Number of People Injured, One Probably Fatally.

WILKESBARRE, Pa., Dec. 14.—A serious accident occurred on the Pennsylvania railroad near Nanticoke, near here yesterday, in which the following persons were injured:

Edith Newton, leading lady of the Henshaw & Tenbroeck New Nabs company; forehead cut and concussion of the brain.

Sam Collius of the same company, shoulder dislocated.

Mrs. Sam Collins, his wife, side badly injured.

Attorney Anthony C. Campbell of Wilkesbarre, head cut and bruised.

Engineer Newton Frace, leg badly bruised.

Simon Freymark, bruised about the chest.

Simon Steinberg of Wilkesbarre, injured in the back and arm.

George Menzleth, express messenger, and William Austin, baggagemaster, injured by baggage falling on them, the former having his leg and hip hurt.

M. McDermott, fireman, wrists sprained.

G. M. Loop, blow on the eye and nervous shock.

It is feared that owing to Loop's age, 63 years, the accident may prove fatal to him.

The passenger train which left here at 10:15 in charge of Conductor J. B. Vanduke and Engineer Unplich was approaching Nanticoke, and when within about 150 yards from that station it ran into No. 44 switch engine, which was on the main track switching cars. Conductor Bloom and Engineer Newton Frace, who were in charge of No. 44, forgot to send a flagman to flag the passenger train.

Dry Goods Damaged.

TROY, N. Y., Dec. 14.—The immense dry goods house of William H. Frear was badly damaged by fire last night. The fire did not reach the lower floors but the immense stock of dry goods was almost ruined by the smoke and water. The citizens formed a volunteer corps, and the greater part of the stock of valuable furs and silks were removed. The loss can not be estimated, but it is probably \$175,000. William H. Frear is insured for \$200,000; Nims & Company, for \$12,000, and Henry Stowell for \$16,000.

## Unruly Indians.

ARKANSAS CITY, Kan., Dec. 14.—Word was brought here that the Indians are off the Kav reservation and are creating a great deal of trouble for the settlers in southern Kansas, adjoining the reservation. They were unprepared for the cold wave, and starting on a foraging expedition, have commenced their depredations, stealing cattle, horses and sheep and giving the farmers no end of trouble. There is no apprehension that they will destroy human life, as their expedition is only to replenish their larder.

## Jumped From a Train.

SAN BERNARDINO, Cal., Dec. 14.—H. C. Archibald of Lafayette, Ind., in an insane fit jumped from an overland train near Irvington last night. He was committed to the insane asylum. He labors under a hallucination that detectives are after him to rob him.

## READY FOR THE FIGHT.

The Corbett-Mitchell Contest Will Surely Take Place in Jacksonville, Fla.

JACKSONVILLE, Dec. 14.—The Florida supreme court at Tallahassee, yesterday, rendered an opinion sustaining the validity of the present municipal government in Jacksonville. This means the passage next Tuesday of the ordinance permitting pugilistic contests with five-ounce gloves, with guaranteed police protection. The Corbett-Mitchell fight will now surely take place here on Jan. 25.

Corbett will reach this city tomorrow, and will proceed at once to Mayport to inspect the training quarters there.

Billy Thompson, Mitchell's representative, will reach here Monday. In a private letter Mitchell says that he shall train on Anastasia island, opposite St. Augustine, and will arrive there about holiday time.

B. F. Blake, transportation agent of the Duval Athletic club, was shown a special from Chicago in which Dominick O'Malley declared that Corbett and Mitchell have not been guaranteed a purse of \$20,000 by the Duval club, but that they will fight for 65 per cent of the gate money.

"O'Malley's statement," said Mr. Blake, "is unqualifiedly false. The purse of \$20,000 in cash is already up, and in bank. Mr. R. K. Fox of New York holds a certified check for the amount and the \$5,000 for the training expenses has already been paid."

## G. A. R. Goes to Pittsburgh.

PITTSBURG, Dec. 14.—At today's meeting of the executive council of administration of the Grand Army of the Republic a committee of hotel proprietors assured the council that during the national encampment there would be no increase of rates if the delegates remained three days or longer, and that there would be no overcrowding of rooms, such as has been practiced at previous encampments. These assurances satisfied the council and the encampment will be held in this city in September of next year.

## Death of Judge White.

DALLAS, Dec. 14.—Judge Alexander White died yesterday, aged 78 years. He was a native of Franklin, Tenn., but spent his maturity years at Talladega and Selma, Ala., each of which he represented in congress and after the war. In 1874 President Grant appointed Judge White to fill an unexpired term as chief justice of the territory of Utah. After discharging the duties of this office with distinction, he came to Texas, settling at Dallas, where he continued to reside until the time of his death.

## Returned to Their Old Haunts.

PITTSBURG, Kan., Dec. 14.—Wally Curry and Charles Rawhut, the two Pittsburg men arrested in September on suspicion of being engaged in the robbing of a St. Louis and San Francisco train, and of the killing Express Messenger Chapman near Mound Valley, Sept. 3, have been acquitted in the district court of Labette county, and have returned to their old haunts here. Billy Chaborn, alias the Kid, who confessed to complicity in the robbery, was sentenced to 10 years in the penitentiary.

## Want to Be in Kansas.

TOPEKA, Dec. 14.—No Man's Land, the Panhandle country of Oklahoma, does not wish to be a party of the convention asking for Oklahoma statehood, but desires to be annexed to Kansas. This is the burden of a letter received by Governor Lewelling yesterday from Mr. Ormsby, chairman of Beaver county, a narrow strip of land 200 miles long. An effort will also be made to have congress annex the county to Colorado or Texas.

## Building Destroyed.

DULUTH, Dec. 14.—Fire caught in the rear part of Levine Brothers' clothing house, 109 and 111 West Superior street, and severely injured the stock and building. Insurance on the stock of Levine Brothers, \$44,500; on fixtures, \$1,500; on building, \$6,000, and renters, \$5,000; total, \$57,000. The loss on the clothing was about total, the building being damaged but little. The origin of the fire is a mystery.

We reckon the individual at Paris, France, who threw the bomb a few days ago, calculated that he would "dissolve the Assembly."

THE COURIER-JOURNAL very truthfully remarks that "if Dick Tate had stolen a horse he would have been in the penitentiary, but as he stole the State Treasury "amiable" people are signing petitions for his pardon." Petitions, however, are not always granted.

### Whitaker & Robertson Dissolve Partnership.

The partnership heretofore existing between Judge Emery Whitaker and L. W. Robertson, Esq., has been dissolved by mutual consent. They have been associated in the practice of law for the past twenty years, and have always commanded a large clientele. The firm has been one of the most prominent of the Maysville Bar, and their associations have always been of the most pleasant character.

The members of the firm will continue to practice in this city, and both can be found for the next few days at their old office. Ex-County Attorney John L. Whitaker will probably be associated with his father hereafter.

### A Big Dynamo.

What is claimed to be the largest dynamo ever made was finished and tested by the Westinghouse Electric Company of Pittsburgh this week. It is one of four built for the Louisville Gas Company, and has capacity of 10,000 incandescent lamps. It weighs fifty tons, and has an armature twelve feet in diameter. This is four feet greater than the armatures on the big dynamos at the World's Fair. It will make ninety revolutions per minute. The dynamos will give the same power as the World's Fair machinery, but will take up less floor space. It will be operated by a one-thousand horse-power engine. The shaft of the engine will connect with the dynamo, no belting being required.

### Election of Officers.

The following officers were elected last night at a meeting of the Washington Fire Company, to serve the ensuing six months:

Director "Simon Kenton"—Geo. Atkinson.

### Shooting in Bracken.

Near Milford, Bracken County, Monday night Joe Askin was shot and dangerously wounded by Clinton Hatfield.

Askin was the aggressor, as he hunted Hatfield to the house of a neighbor, and fastened a quarrel upon him. In the row which followed, Askin received two charges of shot in his body and four heavy blows on the head with the barrel of the gun.

The gun was lightly loaded, and a spool of thread in his right vest pocket received most of the shot, thereby saving his life.

### River News.

The White Collar Line's new steamer, City of Louisville, is 307 feet long, forty-two-foot beam, and the depth of the hold is seven feet. She will cost nearly \$100,000.

The big towboat Harry Brown that passed down early this week carried a dozen crew of eighty-one persons. She will go through to New Orleans, taking about thirty barges of coal.

### Property For Sale.

I will sell privately the home place of the late John McCarthy, on the south side of the Germantown pike, just outside the city limits. A good frame house and never-failing spring on the place. The lot fronts 100 feet and 8 inches, and extends back the same width 105 feet. Will be sold cheap. Apply to M. J. McCarthy, this office.

### All Next Week.

Gibney, Gordon and Gibney Comedy Company will return for a week, commencing Monday, December 18th. This company needs no introductory to our people as it is the best week-stand company that plays Maysville. Ladies' tickets will be given for Monday night.

Rev. M. T. Chaudier preached two interesting and able sermons Sunday last at the Methodist Church in this place; one on total depravity, the other on re-pentance.

We are not of those who sympathise with the administration's Hawaiian policy. The idea of the greatest Republic on the globe showing any countenance to the re-establishment of the monarchy is mortifying in the extreme. Some day, when we shall have lost our opportunity, England or France, or some other power, will on some pretext or other gobble up those islands.

### MINERVA.

Mrs. Jacob Stroud has been very ill for some time.

Mr. Griswold shipped a lot of hogs to Cincinnati recently.

Services were held at the Reformed Church Thanksgiving. The sermon for the occasion was delivered by Prof. Buffington.

James G. Runyon and Walter Worthington have been repairing the dwelling house of Peter Jackson. They finished the job Saturday, with a high opinion of Jackson as an employer.

The "cooking club" was entertained Friday evening by Miss Mollie Hawes. Everybody seemed to have had a good time. Lunch was served at 9 p. m., and in order to keep all the ladies from being monopolized by any one ambitious gentleman, queries were distributed to the latter and "answers" to the former.

### Down They Go!

A handsome lot of gas stoves cheap, to make room for holiday goods, at S. B. Oldham's, 13 East Second street.

The National Heat and Power Company offered to furnish the citizens of Buffalo, N. Y., with gas at 25 cents per 1,000 cubic feet.

Mrs. SARITA TAMPLETT, of Brenham, Texas, has sent our correspondent at Washington a part of the piano used in the family of the old Texan hero and patriot, General Sam Houston.

In a recent number of Harper's Weekly there appeared a sketch of the late Wm. T. Coleman, of San Francisco, with a likeness of him that is strikingly like his brothers, who were well known here. The article spoke of him in very high terms, and said he was the originator of the celebrated "vigilance committee" of the Pacific coast, and also its leader for some length of time.

### Thieves Run In.

ANDERSON, Ind., Dec. 14.—Another gang of thieves were taken in by the police last night and a large amount of plunder recovered. Herbert Jones, Charles Harris and Albert Lowe were captured. Jones and Harris are railroad men employed here, while Lowe is a common laborer. Jones' house was searched and a large quantity of plunder recovered, among other things being a number of chickens and a lot of wheat. The wheat was stolen from car on sidetrack here a short time ago. The chickens were identified by different parties. It is thought that the breaking up of these gangs will stop the robberies in this city.

### Helping the Unemployed.

PORT WAYNE, Dec. 14.—The special committee appointed by the board of councilmen to devise a plan for giving employment to our unemployed laborers, held a meeting and decided to extend the waterworks mains to Lakeside, a suburb recently annexed to the city. Two or three hundred men will be employed for about six or seven weeks. The work will be commenced tomorrow. Only citizens of this place will be employed.

### Strike Declared Off.

LOUISVILLE, Dec. 14.—The strike on the Henderson division of the Louisville and Nashville railroad has been declared off, and the men returned to work. The management agrees to take all the strikers back, and to make no discrimination against them on account of having left the service. The double-header question is to be submitted to arbitration.

MUNCIE, Ind., Dec. 14.—Thieves have a new and very bold plan of operating here. They go to a residence, represent themselves to be deputy sheriffs and demand entrance to search the house for stolen goods. They then steal everything in sight.

GEO. W. SULSER, law, fire insurance.

PENSION RULINGS.

Four Important Ones Made by the Assistant Secretary of the Interior.

WASHINGTON, Dec. 14.—Assistant Secretary of the Interior Reynolds has made four important pension rulings. He decided that the act of congress prohibiting payment of pension after July, 1895, to a nonresident of the United States except for actual service disabilities, applies to widows who are nonresident aliens; that where a soldier dies leaving a legally divorced wife and minor children over 16 years old, his mother occupied a pensionable status and can apply for and receive a pension as dependent mother of such soldier upon making necessary proof, and that where an invalid pensioner dies leaving no increase or rerating claim pending at the bureau, but has accepted the rate of pension then received without demurring, the widow can not file an original claim for rerating of her dead husband's pension.

It is also decided that the commissioner of pensions has no authority to change terms of contract for pension attorneys' fees, where the contract with claimant was in accordance with law, nor can he refuse to issue pension to a claimant because allowance is insufficient to pay the fees contracted for. Certificate should issue irrespective of the amount due.
